

COMPANY ANNOUNCEMENT

July 2023

PENTAGON REBRANDS CARLBOM SHIPPING TO PENTAGON MARINE

We are pleased to announce the rebranding of Carlbom Shipping Limited to Pentagon Marine Limited in the United Kingdom.

Pentagon Marine will provide the same exceptional service to customers for which Carlbom Shipping has been renowned for the past 125 years, delivered by the same talented team.

Carlbom Shipping was acquired by Pentagon in 2022 and has an enviable reputation for providing exceptional ships agency services to its clients in the tanker, bulk cargo, offshore and renewable sectors. Carlbom Shipping is the leading specialist ships agent in the Humber estuary. The acquisition of Carlbom Shipping has enabled Pentagon to leverage and complement the two companies' unique strengths, delivering an expanded service offering to its clients across the UK and Europe. At the core is a set of shared principles, including ethics, bespoke logistics solutions and an absolute commitment to customer satisfaction.

The rebranding signals a closer alignment of the ships agency business with the Pentagon Brand. It also enables Pentagon to offer enhanced, seamless one-stop solutions to all its clients. These now include traditional ships agency, international logistics, warehousing, multi-modal transport, customs brokerage, and information management. All these services will now be offered under a single unified banner in the UK that now includes Pentagon Freight Services PLC, Pentagon Transport Ltd, and Pentagon Marine Ltd.
